Program

Welcome

Dear Colleagues,

On behalf of the Organizers it is our pleasure to welcome you again in Dubrovnik! The 10th postgraduate European Federation of Clinical Chemistry and Laboratory Medicine (EFCC) weekend course, entitled "New trends in classification, diagnosis and management of thrombophilia", will be held at the Inter-University Centre Dubrovnik. We proudly announce that at its 10th anniversary the course will be co-organized with the European Thrombosis Research Organisation (ETRO).

We hope that all those attending this joint meeting at supreme professional level, will have an excellent opportunity to acquire new knowledge and exchange experience in the field, while also making new friends and enjoying the beauties of Dubrovnik.

We look forward to offering you a truly pleasant and unforgettable stay in Dubrovnik.

Welcome to the 10th EFCC Continuous Postgraduate Course
in Clinical Chemistry!
